

Garbage and Recyclable Collection Calendar

From April to June, 2026

July to September 2026 dates are on p. 2. Please see reverse side.

Garbage and Recyclable Disposal Rules

- Please take garbage and recyclable materials to the designated waste pickup area by 8:30 am on collection day.
- Waste cannot be disposed of in places other than the designated waste pickup area or on the night before collection day.
- Failure to dispose garbage and recyclable materials by the designated method is punishable by law.
- Businesses may not dispose of garbage at the garbage collection point.

Sorting and Disposal Method of Garbage and Recyclables

*Place waste in separate bags (transparent or semitransparent) according to category.

Category	Type	Disposal Method
Combustible Waste		● Sufficiently drain the water from kitchen waste. ● Tie the bag firmly before disposing to prevent the contents from leaking or escaping.
		● Sort and dispose by type. (See the "Guidebook" for details.) ● Dispose of paper cup, photograph, etc. as "combustible waste."
		● Rinse, cut open, dry, and bundle with string before disposing. ● Cartons with an aluminum coating inside should be disposed of as "combustible waste."
		● Remove cap, etc., rinse, and place bottles in a transparent/ semitransparent bag before disposing.
Recyclable A		● Place the items in a transparent/semitransparent bag before disposing. ● Wrap any broken glass or knife and shattered light bulb, etc. in paper and label it "キケン" (kiken, or dangerous) before disposing. *Any item where any one of the length, width or height is over 50cm shall be treated as "oversized waste."
		*For details, please see P2.
Recyclable B		● Place batteries in a transparent/semitransparent bag and write "カンデンチ" (kandenchi, or dry-cell battery) on the bag before disposing. *Drop off button cells at collection boxes located at stores and elsewhere.
		● Bundle before disposing to prevent wind blown litter. *Dispose of items with the ♻️ mark as "plastic container/packaging."
		● Rinse juice can, etc. before disposing. ● For spray cans, use up the contents, let all the gas out, and dispose of the can without opening a hole in it. *Dispose of paint and oil cans as "noncombustible waste."
Recyclable C		● Remove the label and cap, rinse, flatten, and place bottles in a transparent/semitransparent bag before disposing. *Dispose of the label and cap as "plastic container/packaging."
		● Wash and dry the items and place them in a transparent/ semitransparent bag before disposing. *If the item cannot be cleaned, or it is a cushion, slippers or similar type of item, then dispose of it as "combustible waste."
Yard Waste		● Items with the ♻️ mark. ● Place all plastic containers and packaging in one bag before disposing. ● Clean the item before disposing. *If the item cannot be cleaned, then dispose of it as "combustible waste."
		● See the "Guidebook" for the disposal method.

Drop-Off	Used Cooking Oil	Tire and Battery	Oversized Waste	Items Recycled by Manufacturers, etc.	Disposal Method
					● Do not dispose at the waste pickup area. ● See the "Guidebook" for the disposal method.

Garbage and Recyclable Collection Calendar

From July to September, 2026

October to December 2026 dates are on p. 3. Please see right side.

Garbage and Recyclable Disposal Rules

- Please take garbage and recyclable materials to the designated waste pickup area by 8:30 am on collection day.
- Waste cannot be disposed of in places other than the designated waste pickup area or on the night before collection day.
- Failure to dispose garbage and recyclable materials by the designated method is punishable by law.
- Businesses may not dispose of garbage at the garbage collection point.

How to Dispose of Small Rechargeable Batteries Recycle Properly!

Small rechargeable batteries include lithium-ion, nickel-cadmium, and nickel-metal hydride batteries that can be used repeatedly. They are commonly used in everyday products such as mobile batteries and electronic cigarettes. In recent years, fire accidents caused by small rechargeable batteries have been increasing. Do not dispose of them as combustible waste, and handle them properly.

Product Examples

Recycling Marks

For details, please visit the website of the Japan Portable Rechargeable Battery Recycling Center (JBRC).

Proper Disposal Items up to 50cm: Bring to waste pickup area.

- Items up to 50cm: Put in a plastic bag and dispose on "Recyclable A" day.
- Swollen small rechargeable batteries or those without a Recycling Mark: Consult the Bika Plant.
- Items over 50cm: Classified as oversized waste (cannot be disposed at waste pickup area).
- Smartphones: Consult the store where purchased.

Aikawa Town is promoting reuse by partnering with Oikura.

With Oikura, you might be able to sell items more easily and quickly than disposing of them!

Convenient features of Oikura:

- You can compare and choose the purchase price.
- Large and/or heavy objects are also eligible for purchase.
- Option for same-day pickup at your home is available.

Operating Company MarketEnterprise Co., Ltd.
